Below is a draft Agenda for our CA UIC meeting tomorrow, scheduled for 1pm (please share with others as appropriate). If there are other issues that the State wants on the agenda, please let me know.

Most EPA folks will be calling in. I think Rob was going to ask Marisha for a call-in number. Let me know if you need EPA to set up one. Thanks, David

Draft Agenda

- Status of Category 1 well evaluations (see EPA's May 28th letter)
- Status of response to information orders
- Progress/status update on key upcoming milestones and deliverables

* July 15th deadline for submission of initial assessment of 11 HTAE formations, whether any are expected to meet exemption criteria

* July 15th deadline for submission of closure plan for existing wells not seeking AEs

* July 15th deadline for submission of detailed plan for Class II program improvements (including both rulemaking and non-rulemaking activities)

* July 31st deadline to complete evaluations for Category 2 wells
